To whom it may concern,

In March 2026, a team of 58 grade 10 & 11 students from Calvin Christian Collegiate will travel to Puerto Penasco, Mexico to build houses for 3 families through an organization called Amor. Local pastors connect with the families, share their needs with Amor, and then Amor connects with groups such as ours to commit to building the houses. Students pay their own way for travel, food, and accommodations, and work together as a group to raise the funds for the building materials of each house, which is approximately \$10,000 per house.

At Calvin Christian, we believe that students should learn outside the classroom, and explore, experience, and evaluate the real life impact of poverty and lack of housing. Each student gains practical skills on the job site, while also listening to families, and learning from the community. Every single day of our time in Puerto Penasco is filled with hard work. We begin with mixing and laying a concrete foundation on the first day, framing the walls on day 2, and then learning to stucco. The roof, 2 windows, and a door are completed by day 4!

We are writing to ask if your business would be willing to donate toward the cost of building materials for the 3 houses we will build. Your partnership would be life-changing for the families, and our students would love to thank your business by sharing your support via advertising at their fundraisers and at our school. Thank you for your consideration! If you have any questions, please reach out to me at hammm@calvinchristian.mb.ca

Looking forward to partnering together,
